WE ARE NOT BORN TRADERS

**WE
BECOME
TRADERS.**

***THE OFFICIAL WHITEPAPER FOR
TRADERS CHOICE LIMITED***

WHITEPAPER

Traders choice limited was founded with the aim to create a safe and trusted environment so that everyone may learn to trade and grow their knowledge to become great traders.

As traders ourselves with years of experience building online trading mechanisms, **we wanted a platform that was not only open, accessible and comprehensive, but also intuitive.** None matched our own needs or those of thousands of others, so we built our own. As a result, traderschoiceltd.cc is rooted in the latest technology but features an interface that is easy for novices to find their way around.

We understand that the relationship between Traders choice limited and our traders must be rooted in deep levels of trust and respect. So we have taken the utmost care to ensure reliability and transparency in everything we do from picking household names like Deloitte, RBS and Worldpay as partners through to ensuring a gold standard compliance record.

Everything runs exactly as our traders expect!

EXECUTIVE SUMMARY

We are not born traders, we become traders. To succeed, we must feel the heights of winning and, occasionally, the depths of loss. The reasons are age-old. The way the human brain evolved shows how hardwired we are to unconsciously follow certain instincts and thought patterns. So before we can know the intricacies of markets, we must first know ourselves: understand how we make decisions, and how emotion and experience inform our behavior.

To do that, the trader needs the right platform.

Traders choice limited platform is fast and reliable. Developed for a mobile-first generation, immediacy is part of its appeal.

Our platform has a unique approach to trading. It uses a proprietary AI technology that applies artificial intelligence to identify biases and behavior, helping traders identify and break unconscious trading behavior

To offer further assurances, we are regulated by the UK's Financial Conduct Authority (FCA) and authorised by the Cyprus Securities and Exchange Commission (CySEC).

We care deeply about the trading performance of our customers
